

## **CEPREI certification body**

### **Quality Policy**

CEPREI's commitment to the customer: to provide excellent services in accordance with CDM Validation and Verification Standard issued by EB, applicable laws and regulations and international convention, and specifications for specific program, following the principles of science, impartiality, service and value.

CEPREI's quality conduct criteria: to establish and implement documented quality system established in strict accordance with EB's requirements.

CEPREI's pursuit of quality: to ensure the quality of each validation and verification service.

CEPREI's quality work orientation: to become an authoritative validation and verification body at home and abroad.

CEPREI's quality objective: to provide maximum value to the CDM and the society through implementing CEPREI validation and verification system strictly in compliance with the requirements of international standards and applicable criteria and improving our system in a timely manner along with changes in these requirements.

CEPREI President sets up annual quality objectives, embodying the contents mentioned above, in business plan and ensures objectives are understood and established at functions.

CEPREI President is responsible for the implementation of quality policy. Firstly, the whole staff should be educated to achieve common understanding through deep comprehension of the quality policy; secondly, the leaders at different levels should be required to set good examples with their own conducts; thirdly, internal audit should be persevered with and examination of the performance of quality policy should be carried out on a periodic basis to continuously perfect CEPREI's quality system.

In the light of its specific work, each department of CEPREI lays down detailed working rules and prepares implementation plan to meet the requirements of quality policy.

The whole staff shall take the quality policy as the criterion to conduct all activities and make unremitting efforts for the objective that CEPREI becomes a first-rate validation and verification body at home and abroad.

A handwritten signature in black ink, consisting of stylized Chinese characters. The characters appear to be '高峰' (Gao Feng), which translates to 'High Peak'.
